The Town of Sussex Fire Department shall employ the following services for:

A. **FALSE FIRE ALARMS RESPONSE**

False fire alarms, which could have been avoided or for which the Town of Sussex Fire Department has not been notified and as a result responded with manpower and fire apparatus, responsible parties will be invoiced and charged a minimum of $200.00.

B. **INCIDENT AND/OR ACCIDENT INVOLVING DANGEROUS GOODS REPONSE**

Incidents and/or accidents relating to dangerous goods, spills or other incidents of similar nature, where the Town of Sussex Fire Department's assistance has been requested, the responsible parties will be invoiced and charged in accordance to the supplies and materials utilized and the manpower and fire apparatus displaced to the said site of the incident and/or accident. This policy applies to incidents which occur on private properties or public highways.

C. **RESCUE UNIT RESPONSE**

Incidents where the rescue unit (apparatus & manpower) is requested and called upon for vehicle extrication and/or other rescue operations on the incident or accident scene, an invoice will be sent and charged to the responsible parties to recover the cost of the said rescue operation which represents a minimum charge of $350.00 for the rescue apparatus plus an additional cost recovery charge for manpower, equipment and supplies.
