WATER FLOW BETWEEN THE TOWN OF SUSSEX AND THE VILLAGE OF SUSSEX CORNER WATER DISTRIBUTION SYSTEM

I. GENERAL

The Town will only allow water to flow between Sussex and Sussex Corner water distribution systems when both systems supply water that is chlorinated on a continuous basis.

II. PROCEDURE

1. The Town is to contact one of the following personnel of the Village for permission to permit the flow of water from the Village water distribution system to the Town's distribution system:

   - Clerk/Treasurer
   - Works Supervisor.

2. The Village is to contact one of the following personnel for permission to permit the flow of water from the Town's water distribution system to the Village distribution system:

   - Works Officer;
   - Superintendent of Works; and
   - Chief Administrative Officer

3. The connecting water valve is to be operated under the direct supervision of the Town.

4. The water pressure in the mainline is to be checked and monitored daily.

5. The Works Officer is to supply a report pertaining to the effects of the flow during the inter-connection.
