TOWN OF SUSSEX POLICY

Subject		Number
COMMERCIAL CAR WASH OPERATION REGULATIONS		WD-14
Date FEBRUARY 17, 2009	*Approved by* COUNCIL [X] OTHER(S) [ ]	*Date* DECEMBER 18, 1995
Signature Michael W Seymour	*Date of Revision* FEBRUARY 16, 2009	PAGE 1/1

The following regulations are to be applied to any commercial car wash operation in the Town of Sussex:

1) the applicant is to provide the Town with a certificate of approval under the N.B. Department of the Environment water quality regulations to construct and operate a car wash;

2) Department of Environment approval must be obtained;

3) a testable back flow preventer must be installed and maintained between the car wash facilities and the water source;

4) no petroleum solvents may be used or permitted on the site;

5) no washing of engines or other articles, which are or are likely to be contaminated with oil or grease or other contaminated products, are to take place on the site;

6) the owner shall install and maintain, to the satisfaction of the Town, a wastewater drainage system consisting of an asphalt or concrete surface graded to a catchbasin located within this surface and a sand/grit interceptor and an oil/water separator and piping to the sanitary sewer;

7) all wastewater shall be directed to and disposed of through the catchbasin/sand/grit interceptor to the sanitary sewer to the satisfaction of the Town;

8) the owner shall clean accumulated sand/grit from the system periodically to the satisfaction of the Town; and

9) the owner shall use such cleaning agents as are approved by the N.B. Department of the Environment and the N.B. Department of Health.
