Signature	*Date of Revision* JANUARY 19, 2009	PAGE 1/1

This policy covers the reinstatement of, in fact, any concrete work to be reinstated on Town of Sussex right-of-ways or easements for any reason.

No work shall commence until approved in writing by the Town's Works Officer.

All work covered in this policy shall be carried out by a contractor who is normally employed in the business of installing such work.

The Town of Sussex will establish the cost of these various works based on the contractor's quotation. This sum will be deposited with the Town of Sussex, by certified cheque, prior to any construction or removal of existing concrete works.

The Town of Sussex will then be responsible to schedule and to have this work completed and to pay the contractor the quoted price.
